Legs are available at heights of 150mm, 300mm, 600mm, 800mm, 1000mm. Other sizes can be made to measure. Screw jacks, floor pads, handrails, steps and ramps are also available upon request. Please phone or e-mail for details.

Building of stage systems must be done by experienced and competent persons. Scorpion Event Solutions can provide a crew to install and remove staging systems. Please contact us for more information

## Conference and Presentation Sets

Our conference and presentation sets are constructed in the form of set flats and thus can be installed to change the look of a venue, whilst taking up a minimum amount of space. They provide an ideal backdrop for any occasion from a conference to a photo shoot. Both of the stock sets are predominantly white, to allow maximum flexibility for creating colours using lighting. Both stock set units are a standard size of 20ft wide by 10ft tall, but can be made to any size due to their modular design. Please contact us for other size options and prices. We also offer custom set production and can construct any set to meet your every requirement.

Japanese Rice Paper Wall Style	£300	£600
As above inc projection screen in centre	£350	£700
Plain White	£250	£500
As above inc projection screen in centre	£300	£600
